

St. Bernadette's School  
Principal: Mr. J Haran

**RN: 19592J**

## **Defibrillator Policy**

St. Bernadette's has a defibrillator on site.

Following a trial period, the defibrillator will be kept in the locked box outside at all times.

The box is on the wall of the Senior building and the code for the box is C159X.

The code will be sent around classrooms, and it is suggested to have the code on the classroom door as you will see it as you exit the classrooms.

Can all staff members familiarize themselves with the code and go to the box, use the code and take the defibrillator out and return it.

If you require any further information, please contact our First Aid team, Mr Noel Donner or Mrs Deirdre Bonner.

The school Eircode is also on the case and the defibrillator.

Staff members have completed the IHF Heartsaver CPR & AED course.

The local residents will also have access to the defibrillator and the code has been shared with them.

The defibrillator will be checked each month, and a checklist will be completed.

This policy was drawn up after consultation with the principal, deputy principal, SNAs, and school staff.

Was reviewed and ratified by the Board of Management on \_\_\_/\_\_\_/\_\_\_
